

BillPay

Online payments
and cashiering

70%

more in customer pay

from those paying
online versus those who
pay in store

Faster payment. Happier customers.

Online Cashiering

Upon open RO completion, advisors can set different invoicing statuses and initiate the payment process.

Interactive Billing

Send invoices via email or SMS, giving customers the opportunity to respond with any service advisor questions or proceed with payment by clicking "Pay Now."

Fast, Secure Payments

Offer customers the option to pay online prior to vehicle pickup: payment requests include a personalized link to a secure, SSL-enforced dealer-branded web portal.

Invoice Management

Update and approve invoice within ledger to initiate the payment process.

Instant Payment Details

Easily access and view payment status and history.

Reconciliation Ledger

View end-of-day/end-of-week credit card reconciliations and compare against your DMS.
